Quick Guide: **W-Fragen**

Deutsch	Vorlage *	English
was	Was ist das?	what
wann	Wann ist die Frage!	when
wo	Wo ist mein Handy?	where
wie	Wie heißen Sie?	how
warum	Warum lernen Sie Deutsch?	why
wer	Wer ist er?	who

* die Vorlage: model / guideline

This **Quick Guide: W-Fragen** helps you remember the meaning of the main **Fragewörter** by using a **Vorlage**, a model sentence. For each word, memorize the sentence (or question) and use the sentence as a reference for future learning.

Wer is deceiving because it looks like the English "where," but it actually means "who." So when you memorize the rhyming question **Wer ist er?**, you can remember that **Wer** refers to a he, a person, thus it must mean "who."

Wann can be difficult because **wann** is the question word, but **wenn** also means "when." So associate the 'a' sound of **wann** with the 'a' sound of **Frage**, and you'll remember it every time! **Wann ist die Frage!**

Everybody loves the German word for cell phone: **das Handy**. And what is everyone always searching for? Their cell phone. Thus: **Wo ist mein Handy?**
